Mrs. S. Kate Swington, chairman and treasurer; Mrs. Alice M. Chase, secretary, with care of supplies; Mrs. Ella R. Holt, truant officer.

Five schools have been in session during the school year, and two terms of school in North Lyndeborough.

It has been our misfortune to be forced by circumstances over which we had no control, to make an unusual number of changes in our teachers, and for this reason have employed twelve teachers instead of six; in some cases the change has come about by the resigning of teachers, and in some it was deemed advisable to make a change for the good of the schools.

We have entered somewhat upon the work of grading our schools to a certain extent, and while it may tax the patience of all concerned until the plan has matured, we believe it will be a lasting benefit if the work is carried out.

We believe our teachers, as a rule, have been conscientious, and have done thorough work and the large per cent. of our pupils have worked with them.

Your committee requested the pupils in what would be

about seventh-grade work to write a letter containing about two hundred words, and many of the letters reflected credit upon the writer and pleasure to the receiver, and we thank the children for the effort and the result.

The patience of your committee is especially tried by those who allow their children to stay out of school so many sessions. That parent who does not insist upon regular attendance and aid the same, shows a lack of judgment and good sense, and deliberately robs the child of their rightful inheritance, and farther than that, imposes upon the taxpayer, whose money is used for what should be a benefit to every child.

We could, if in good taste, name several who show an open disregard for the laws of school and state, as well as to the welfare and intellectual training of their children.

We believe our children will compare favorably with the children of other towns, but they are severely handicapped by the indifference of their parents.

We are glad to be able to say that we hear good reports from pupils who attend school out of town; wish them success and encourage them in their work. In most cases where we show a child that we have confidence that they will succeed, putting them upon their honor, they will not disappoint us.

The best there is in educational advantages is none too good for your children. The greatest inheritance children can receive is a sound education, for that enables them to face the world with the knowledge within that they have the weapons with which to carve just such a destiny as their ambitions dictate.

You endeavor to see that your girl and boy is properly clothed and fed; also look to it that their intellect is clothed and fed with the best you have to give.

The winter term of school was somewhat broken throughout the town by sickness among the pupils, and the school at the Center was closed on account of the illness of the teacher.

Again we not only invite, but urge you to visit your schools and see for yourselves just what is being done. All days are visiting days and your teacher is always at home to company. Call often when regular work is going on, and see what we are doing.

We had the good fortune during the past year to receive from the state equalization fund the sum of \$102.93, to be used for the benefit of schools; it is said fortune and misfortune sometimes go hand in hand, and while we had the good fortune to receive this money we have had the misfortune to have one of our school buildings destroyed by fire.

In closing, we again ask for your financial support and your interest in the work.

Schools will open again Monday, April 1, unless further notice is given.

We thank all from whom we have received courteous treatment and favors.

Respectfully submitted,  
S. KATE SWININGTON,  
ALICE M. CHASE,  
ELLA R. HOLT,  
*Members of School Board.*
